The Hope Centre One Year On

The new Hope Centre has now been open for a full year.

This year we have helped **141** newly referred guests, served **8522** meals and held **1133** interviews to signpost guests to agencies and support. **47** guests were helped to find housing. Many of the new guests are British people who have been evicted due to rent arrears or relationship breakdowns.

Thanks to our volunteers and support workers, Sarah Malone and Will Solomon, for their tireless work and dedication.

The Fifth Year of the Winter Shelter

The Winter Shelter closed its doors at the end of March, after a fifth year of tremendous inter-church and community partnership involving some over **200 volunteers** across **7 local church venues**.

Particularly sad this year has been the number of new local people who have found themselves caught up in the nightmare of repossessions, harsh evictions by landlords, or relationship breakdowns. They have then found themselves quite literally on the streets as a result.

This winter **51 guests**, 8 of whom were female, slept overnight at the Winter Shelter for some **1526 bed nights** - a **50% increase** compared to last year.
